The Party's Over

Thirty million Americans live in a nightmare with someone suffering from drug or alcohol abuse. “You beg, you yell, you hide bottles, you call counselors, you turn your back... and nothing changes.” But there is hope. Crisis intervention is a compelling, compassionate process designed to deliver the message to an addicted loved one... “*the party’s over.*” This video bears witness to three real-life interventions, recreated by the actual families involved. These are not actors, but everyday folks whose lives have changed so powerfully; they call it the single most important event of their lives.
