Please include the following:
- How you plan to attend: Live or Remote
- Your Name
- Your Organization
- Your role
- Number of attendees

Idahoans value their quality of life which is why we call Idaho our home. The ICIACP was formed as a grass roots initiative to develop a standardized approach for all Idahoans to communicate their values, preferences, and wishes through Advance Care Planning.

Please join the ICIACP for an engaging presentation by Dr. Bud Hammes from Respecting Choices® and Gundersen Health System in La Crosse, Wisconsin. Dr. Hammes will guide our discussion and share his expertise and experiences regarding successful and sustainable community-wide Advance Care Planning systems. The ICIACP acknowledges that successful planning, development, and implementation of a sustainable program is only achievable through collaboration.

For more information regarding Dr. Hammes, and the Respecting Choices® program you can visit: http://www.youtube.com/watch?v=kIO3MDtnHQU

Directions to the event: http://www.saintalphonsus.org/documents/boise/CampusMap.pdf

Seating is limited/RSVP required
Remote WebEx attendance will be available. Instructions for accessing the event via WebEx will be provided to those requesting remote attendance by Oct 7, 2014.
